

Jazzy®

ELITE HD

The Jazzy® Elite HD features two-motor, front-wheel drive technology and heavy-duty construction. The Jazzy Elite HD features 35.6 cm (14") drive wheels for enhanced outdoor performance combined with a front-wheel drive design to provide tight turns for optimal indoor maneuverability in small spaces. Large front wheels add extra absorption for superb climbing capabilities and combine with front anti-tip wheels for handling various terrains with ease.

The information contained herein is correct at the time of publication; due to the manufacturer's commitment to constant improvement and development, they reserve the right to alter specifications without prior notice. Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressure, ambient temperature, and the gradient and surface of the road or pavement.

* Maximum weight capacity is reduced to 400 lbs. (181 kg) on 18" deep seat configurations.
